With either method, pretest a small area before proceeding. Always rinse promptly with clean water.

BC: Bleach Cleanable – 1 part bleach, 4 parts water = 20% bleach, 80% water solution. Do not clean/disinfect fabric for longer than 10 minutes using the 10% bleach solution. Always rinse promptly with clean water after applying the bleach solution. Failure to do so will void any and all warranties.

Most germicide and solvent stains easily removed.

Cleanable with any cleaning agent with a PH<12.
