CLEANING INFORMATION

WS: Water/Solvent Cleaner – Spot clean, with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding. Always rinse promptly with clean water.

BC: Bleach Cleanable – 1 part bleach, 9 parts water = 10% bleach, 90% water solution. Do not clean/disinfect fabric for longer than 10 minutes using the 10% bleach solution. Always rinse promptly with clean water after applying the bleach solution. Failure to do so will void any and all warranties.

Get rid of stains with one of the following steps:
Step 1 (eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, suntan lotion, hair and body oils*): Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory® liquid soap and water. Next, rinse with clean water and dry.
Step 2 (red lipstick): Use a straight application of concentrated cleaners such as Formula 409 or Fantastik spray cleaner. Wipe with a clean cloth, rinse with clean water, and dry.
Step 3 (blood, urine, feces, oil base paint, tar and asphalt): Use a 1:1 mix of ammonia and water, or a 4:1 mix of bleach and water. Rinse with clean water and dry.
Steps 4 & 5 (all other touch stains): Step 4: Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry.
Step 5: Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry.
Note: For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cotton cloth and check the results.
Please refer to the Mayer Fabrics website or contact customer service for approval of unlisted cleaning agents prior to use.
